7. Advocacy Policy (DE)

- Advocacy policy will likely be brought into one of our bylaws
- The policy is to bring up if something is controversial to bring it up to the policy to the senior executive
- In terms of what approach is going forward we want to avoid any conflict in the past it has been dependent on exec to exec but we want to clarify that there might be a blurred line of what is problematic. The usual practice to put in place is if is an emergency situation aka something has already been posted and the decision has to be made we will talk about it in the senior exec but what we really want to do is that whenever we have an issue that there could be potential advocacy to bring it forward in our slack channel (AN)

8. Exec catch-up (AN)

- Exec will be on a zoom call and any member can join in to come and chat about issues they are having and have a chance to talk to individual exec
- Socials event is happening afterwards at 8pm (RS)
- Event will happen at 7pm on 11 Monday and everyone should try to make it then we will go to socials after (AN)

9. Conflict of Interest (DE)

- General discussion occurred to remind members about the nature of a conflict of interest and how people have a duty to disclose any conflicts that may arise .
